

**STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS  
ENERGY FACILITY SITING BOARD**

**IN RE:     Application of Invenergy Thermal  
Development LLC's Proposal for  
Clear River Energy Center**

**Docket No. SB-2015-06**

**INVENERGY RESPONSE TO CONSERVATION LAW FOUNDATION'S  
REQUEST FOR A SUPPLEMENTAL RESPONSE TO DATA REQUEST 14-5**

CLF Supplemental Request to Data Request 14-5     Conservation Law Foundation's previous Data Request 14-5 inquired about Invenergy's expected Commercial Operation Date. Invenergy filed and served its response on January 12, 2018; that response is attributed to Kris Zadlo, Invenergy's Vice President. Please provide an updated response about Invenergy's expected Commercial Operation Date, and describe how Invenergy has accounted for: (a) the FERC ruling in ISO New England Inc., 162 FERC ¶ 61,058 (Jan. 26, 2018); (b) the "Project Duration Estimate" found on page 3 of the September 12, 2016 Steady State System Impact Study Report for Generator Interconnection Requests: Queue Project 489; and (c) the tentative Final Hearing schedule circulated by EFSB counsel Patti Lucarelli on January 26, 2018.

SUPPLEMENTAL RESPONSE to CLF Data Request 14-5     Invenergy Thermal Development LLC has not changed the Commercial Operation Date ("COD") for Clear River Energy Center Unit 1 and is working with ISO New England and National Grid to determine what changes, if any may be needed to the interim Milestone Dates included in the LGIA, while still accommodating the COD of June 1, 2021.

It should be noted that the "Project Duration Estimate" found on page 3 of the September 12, 2016 Steady State System Impact Study Report for Generator Interconnection Requests no longer applies.

RESPONDENT:     Kris Zadlo, Invenergy Thermal Development LLC

DATE:     February 13, 2018
