for Clear River Energy Center

Docket No. SB 2015-06

**CONSERVATION LAW FOUNDATION'S REQUEST
FOR A SUPPLEMENTAL RESPONSE TO DATA REQUEST 14-5**

Conservation Law Foundation's previous Data Request 14-5 inquired about Invenergy's expected Commercial Operation Date. Invenergy filed and served its response on January 12, 2018; that response is attributed to Kris Zadlo, Invenergy's Vice President. Please provide an updated response about Invenergy's expected Commercial Operation Date, and describe how Invenergy has accounted for: (a) the FERC ruling in ISO New England Inc., 162 FERC ¶ 61,058 (Jan. 26, 2018); (b) the "Project Duration Estimate" found on page 3 of the September 12, 2016 Steady State System Impact Study Report for Generator Interconnection Requests: Queue Project 489; and (c) the tentative Final Hearing schedule circulated by EFSB counsel Patti Lucarelli on January 26, 2018.
